

THE INCLUSIVE GUIDE TO LONDON

LONDON IS FULL OF PRIDE

This Autumn we're shining a light on some of the best queer-friendly places in London that not only promise a good time, but make us all feel welcome.

Created in partnership with **Brooklyn Brewery**, curated by queer activist **Aisha Shaibu** (founder of **Moonlight Experiences**, an award-winning company dedicated to the celebration of queer culture and nightlife), and illustrated by London based artist **Fredde Lanka** co-founder of **Queer Youth Art Collective**, this LGBTQ+ friendly pocket guide will not only lead you to some of the most quirky spots in London, but also champions inclusivity in exploring new places. Get set for a good time. If there's one thing this guide promises, it's fun.

INSIDER TIPS

1

Located on Brick Lane, **Glass House** is a multidisciplinary LGBTQ+ venue, with three different spaces under the same roof. Start the day at the intersectional bookshop café, The Common Press, eat next door at The Common Counter restaurant and bar, and later, descend into the events space, which hosts a calendar of live shows, cabaret, music and poetry nights, workshops and exhibitions.

Vogue Fabrics Dalston is one of London's best, under-the-radar LGBTQ+ venues. Founded by Lyall Hakaraia back in 2007, it's an underground sanctuary where art, music and fashion collide — like an inclusive basement of dreams for revellers to indulge in queer culture and sweaty disco dancing.

This late-night LGBTQ+ venue in Camden, **Zodiac Bar**, is the brainchild of Jade (aka Lady Phoenix). Non-stop fun, expect bingo events, cabaret and themed nights for bears, trans people and lesbians.

Pxssy Palace is London's biggest community-led QTPOC club night that prioritizes queer womxn, trans, non-binary, and intersex people. This club night is more than a night, it's a place to party free from discrimination. Keep updated through their social media on where the next club night will be — it's an event you should not miss out on.
